

BYZANTINE SACRED ART IN NORTHERN MACEDONIA

Day 1 – Sunday, June 19, 2022

Meals: Dinner

Arrival to **Prishtina** (Kosovo). Transfer to the hotel. Dinner and orientation.

Overnight: Hotel Ulipiana (or similar) in Gračanica*

Serbian “č” reads like “ch” (akin to the sound in word “CH-ildren”)

Day 2 – Monday, June 20, 2022

Meals: Breakfast and Lunch.

Today we are planning to visit several Medieval monuments that are on the UNESCO World heritage list as an important monument of the Byzantine and Romanesque culture.

Visoki Dečani - The monastery was established in a chestnut grove by Serbian King Stefan Uroš III Dečanski in 1327. Its original founding charter is dated to 1330. The following year the king died and was buried at the monastery, which thenceforth became his popular shrine. The construction was continued by his son Emperor Stefan Uroš IV Dušan until 1335, but the wall-painting was not completed until 1350.

The precise date of the foundation of the Patriarchate is unknown. It is thought that while Saint Sava (d. 1235) was still alive that the site became a metoh (land owned and governed by a monastery) of Žiča monastery, then the seat of the Serbian archbishopric. Archbishop Arsenije I (d. 1266)

built the Church of the Holy Apostles, as he wanted the seat of the Serbian Church to be at a more secure location and closer to the center of the country. Soon, around 1250, he ordered it decoration. Free time for dinner. Overnight: Hotel Ulipiana (or similar) in Gračanica.

Day 3 - Tuesday, June 21, 2022

Meals: Breakfast, Lunch and Dinner.

Church of our Lady Levishka was built in 1306 under the patronage of the Serbian King Stefan Miljutin. Church was adored with **frescoes** at about the same time. During the Ottoman rule church was converted into a mosque, but frescoes largely survive. In 2006 church was added to the UNESCO list of the endangered monuments due to threat from the Albanian militias. In 2004 church greatly suffered during an attack and arson but within ten years after the attack it was partially

restored by a team of Italian restorers who did a beautiful job at restoring the frescoes and exterior of the building. **Gračanica Convent** was constructed on the ruins of an older 13th-century church of the Holy Virgin, which was built on the ruins of a 6th-century early Christian three-naved basilica. On the southern wall of the chapel is written the king's charter, including the following words: "I have seen the ruins and the decay of the Holy Virgin's temple of Gračanica, the bishopric of Lipljan, so I have built it from the ground and painted and decorated it both from inside and outside".

Later in the afternoon we will transfer to Skopje [Skop-YE]. Overnight: Hotel "Ibis" or similar

Day 4 – Wednesday, June 22, 2022

Meals: Breakfast and Lunch

During our first day in the N. Macedonian capital, we will explore several important monuments on the outskirts of the city. Of greatest interest are the churches three Medieval “jewels” – **Markov Monastery**, the **Monastery of St. Nikita**, and the **church of Sveti Spas** in the Village of **Kučevishte**. Archangels Michael and Gabriel located nearby Kučevishte is also of certain interest,

albeit built later than first three edifices. Markov monastery was founded in the first half of the 14 century and the church dedicated to St. Demetrius of Thessaloniki was built in 1346 under King Vukashin. During next 30 years church was decorated with beautiful frescoes. Despite the turbulent history, sacred images survive until the present day largely intact.

St. Nikita Monastery is older than Markov Monastery, but as the original place was destroyed, it was restored in the 14th century by the Serbian King Milutin. The church itself is rather small, but contains many unique frescoes of the highest artistic quality.

Free time for Dinner. Overnight: Hotel “Ibis” or similar

Day 5 – Thursday, June 23, 2022

Meals: Breakfast and Lunch

The Church of St. George in the village of Staro Nagoričane near Kumanovo was originally built in the second half of the 11th century, but expanded and renovated early in the 14th century under the Serbian King Stephan Milutin. The frescoes of the interior come to us from the same period and done by the hand of the already known to us medieval iconographers Michael Astrapa and Evtikhije. Our next stop will be at **St. Nicholas monastery** in the village of Psača [PsaCHA]. Very little known about the exact time of the building of the church, however, from the written sources it is known that by 1354 it was completed. The fresco

decoration in Psača, although not as extensive as in some other monuments, ranks among the best of the mid-14th century. It was executed sometime between 1366 and 1371. After Lunch, we will continue to a remote **Lesnovo Monastery**, yet another medieval foundation, with church and frescoes that date back to mid-14th century. During Medieval period Lesnovo was a great ascetical and learning center. **Monastic caves** still could be seen along the gorge the leads to the monastery and manuscripts produced there were found in many ecclesiastical libraries

through Eastern Europe and even as far as Russia. The main church decorated with frescoes inspired by now-lost originals from Constantinople. For an overnight we will arrive to Prilep. Hotel "Crystal Palace" or similar. Free time for dinner.

Day 6 – Friday, June 24, 2022

Meals: Breakfast and Lunch.

Prilep is one of the oldest cities in our country, situated in the central part of Northern Macedonia. The incredible pieces of spirituality and art put in the frescoes, iconostases and buildings' architecture in the monasteries and churches on the nearby hills and mountains with beautiful location and breathtaking views.

St. Nicolas church - village Manastir. The original church was built in 1095 by Alexius, who was a cousin of the Byzantine Emperor Alexius Comnenus. In 1266, the abbot Ioannikios name has built the current church, which later, in 1271, was painted by John the deacon.

Monastery complex at Zrze is consisted of several churches and chapel placed under the same roof. Monastery is situated at the foothills of Mount Dautica and is one of the oldest monasteries in the country with the oldest cave monastic complex in the Balkans, dated from the IX century. In addition to these two important monuments, we will visit **Church of St. Nicholas** from the 13 century and **Church of St. Demetrius of Thessalonika** from the 14 century in the village of Varosh. Hotel "Crystal Palace" or similar. Free time for dinner.

of St. Demetrius of Thessalonika from the 14 century in the village of Varosh. Hotel "Crystal Palace" or similar. Free time for dinner.

Day 7 – Saturday, June 25, 2022

Meals: Breakfast, Lunch and Dinner.

This morning we will depart Prilep and will drive toward **lake Ohrid**. Our first stop will be at the **Archaeological Park of Heraclea Lyenstis**, an ancient city, founded by Philip II of Macedon in the middle of the 4th century BC. The city was further expanded under the Roman Emperor Hadrian and was an important point along the Via Egnatia route. Under the Byzantines, city had Christian Bishopric, that came to end along with the destruction and decline of the city of the Slavic attacks sometime in the sixth or seventh centuries AD. Our next stop will be somewhat "off the beaten path" at the village of Kurbinovo. Here we will see the church

of the former **Monastery of St. George**. Despite its size, this church is one of the most famous on the greater Balkans, and incredibly important to all students of the Byzantine Art due to the unique **frescoes** in the interior of the church. The holy site was built, frescoed and consecrated some time at the very end of the 12th century.

After crossing the mountain pass we will come to our last stop at **St. Naum Monastery** on the shores of Lake Ohrid. St. Naum's Monastery was founded early in the 10th century but hardly anything remains from that period. The frescoes that we can see today were done "only" in 1806. Still, St. Naum's Monastery remains an

incredibly important place in Slavic history and literacy. For dinner and overnight we will arrive to the city of Ohrid.

Dinner at a traditional restaurant - National Night.

Overnight: Hotel "Belvedere" or similar

Day 8 – Sunday, June 26, 2022

Meals: Breakfast and Lunch

Ohrid is one of the most historically and culturally significant cities in the Balkans. Its location on the hilly shores of Lake Ohrid gives it a very special feeling and beauty. Same time due to the presence of many important Ancient and Medieval monuments it was added to the UNESCO World Heritage list back in 1980.

The church of St. Sofia is one of the largest medieval churches on this territory. For a long time, it was the cathedral church ("Great Church") of the Ohrid Archiepiscopate whose ecclesiastical authority

covered the territories up to the river Danube to the north, the Albanian coast to the west, and the Bay of Thessalonica to the east.

The Holy Mother of Christ Perivleptos.

According to an inscription on the inner wall of the narthex above the main entrance, the church was built under the name of the Holy mother of God Most Glorious (Perivleptos) in 1295 by the Byzantine military commander, Progon Zgur, a relative of the Emperor Andronicus II Paleologus. The church was fresco painted by the Mihail and Evtihije.

St. Panteleimon Monastery. St. Clement built the monastery in 893 A.D. near the remains of an old Christian Basilica, on the location from which Christianity was preached in the III c. AD. Clement is one of two famous disciples of Cyril and Methodius whose mission was to spread the Christianity and literacy among the Slavs. It is one of the oldest Slavic monuments of culture and one of the first Universities in Europe. The current building is a new replica of an ancient church, but the remains of the ancient complex can be seen in the archeological excavations. **The church of St. John in Kaneo** enjoys a picturesque

setting right above Lake Ohrid, with some surviving frescoes from the early 15th century. Although frescoes inside are not numerous or impressive, spectacular location of the church on the cliff above the waters of lake Ohrid makes the church an “icon” of Ohrid and all the Northern Macedonia at large. Free time in Ohrid. Overnight: Hotel “Belvedere” or similar

Day 9 – Monday, June 27, 2022

Meals: Meals: Breakfast, Lunch and Dinner. This morning we will transfer **back to Ohrid**. For a lunch brake and some sightseeing we will stop at **the Matka Canyon**. The Matka Canyon or “The womb”, canyon is one of the most magnificent regions in Macedonia. From among numerous Medieval monuments in the area we are going to visit two most impressive ones.

Church of the **Monastery of the Most Holy Theotokos** was built in the 14th century on the foundations of the much older early

Christian Basilica. Today, the monastery is inhabited by the nuns and is famous among the Macedonian Christians for it’s the beautiful vestments that nuns produce. **The Monastery of St. Andrew** was built in 1388-89. That small and at first glance unpretentious structure and is filled with frescos of great artistic value. In the preserved inscription above the west entrance the dedicatory inscription survives. It reads that the church was built in the year 1389 by Andreash, the second-born son of the king Volkašin.

Lunch at Canyon Matka restaurant.

The last stop of our trip will be at **St. Panteleimon Monastery in Gorno Nerezi**, near Skopje. This Monastery was constructed in 1164 and is famous for its

spectacular Komnenous-era frescoes. The church was repainted in subsequent ages on several occasions, but in the 1920's original frescoes were discovered and restored.
